According to Article 33, paragraph No. 1 of REACH, any supplier of an article containing a substance of very high concern (SVHC) listed on the candidate list published by the European Chemicals Agency (ECHA): (<https://echa.europa.eu/cs/candidate-list-table>) in a concentration above 0,1% weight by weight, provide the recipient of the article with sufficient information to allow safe use of the article, including as a minimum the name of that substance.

The information on SVHC-containing articles should be provided in a data format, which can be downloaded under Aircraft Industries website: REACH Supplier Questionnaire: (http://www.let.cz/clanek_631_reach.html).

We would like to ask you to complete and sign this application and send it within 30 days to email: reach@let.cz. This will confirm, that supply chain communication regarding compliance with Article 33 of the REACH Regulation has been fulfilled and you are aware of the obligations arising from SVHC content in articles.

If you supply to Aircraft Industries, a.s. articles that contain SVHC substance, we also ask you to fill in the supplier's REACH questionnaire and send it to email: reach@let.cz, within 30 days.
